

GENERAL INDEX TO VOLUMES VIII. TO XIV.

BOTH INCLUSIVE.

- Abscess, Post-Aural, without Implication of the Middle Ear. F. C. Hotz, ix., 250
- Acoumeter, ix., 292
- Acoustic Investigations, viii., 391
- Acute Catarrh of Middle Ear, viii., 284
- Adenoid Granulations, viii., 419
- Adenoid Proliferations. Treatment of, viii., 203, 308
- AGNEW, C. R., and WEBSTER, DAVID, Clinical Contributions to Otology, x., 335
- Alum, Bad Effect of Gargles of, on the Teeth, x., 115
- American Medical Association, ix., 274; x., 162; xii., 183
- American Otological Society, Reports of, ix., 269; x., 266; xii., 183
- AMERICAN OTOLOGICAL LITERATURE, Abstracts of, viii., 183, 284, 370; ix., 102, 189, 277, 351; x., 70, 164, 374; xi., 286
- Anatomy, Normal and Pathological, of the Organ of Hearing, viii., 89, 205, 381; ix., 168, 353; x., 75, 278; xi., 68, 243; xii., 157, 325; xiii., 189, 301; xiv., 210
- Antisepsis in Otology, viii., 410; xi., 186
- Aphasia and Ear Disease, ix., 184
- Aspergillus, viii., 407; xi., 205
- Atropina in Acute Otitis Interna, ix., 281
- Transient Poisoning from the Instillation of a Few Drops of, into the Healthy Ear-Canal, H. Knapp, xi., 23
- Audiometer, viii., 364, 396
- Audiphone and Dentaphone, C. S. Turnbull, viii., 373
- Audiphone, value of the, H. Knapp, ix., 82
- Auditory Centre, xi., 74
- Auditory Nerve, Affections of, x., 93; xiii., 193
- Atrophy of, in the First Cochlear Convolution, S. Moos and H. Steinbruegge, x., 1
- Diagnosis of Inflammation and Atrophy of, D. B. St. John Roosa, x., 210
- Experiments on the, xii., 337
- Rheumatism of the, ix., 395
- Tumor of the, G. T. Stevens, viii., 171
- Auditory Vertigo, x., 171; xi., 293; xii., 341
- Aural Douche, a New, C. F. Taylor, viii., 355
- Aural Diseases, Treatment of, R. Schalle, xi., 113
- Aural Patients, Functional Examination of, with Tuning-Forks, viii., 212
- Aural Sounds, a Case of Objective, E. L. Holmes, viii., 144
- Objectively Produced by Voluntary Contraction of the Tubal Muscles, S. M. Burnett, viii., 357
- Auricle, Bilateral Rudimentary, with Absence of the External Auditory Canal, H. Knapp, x., 119
- Detachment of, with Foreign Bodies in Ear, xi., 183; xii., 172
- Function of, in Perception of Space, xi., 258
- Operation for Prominence of, Edward T. Ely, x., 97
- Perichondritis of, H. Knapp, ix., 195
- Autophony, Etiology and Symptomatology of, Gustav. Brunner, xii., 238
- AYERS, S. C., Exostoses of the External Auditory Meatus, x., 327

¹ General Index to Vols. I. to VII. is appended to Volume VII.

- Bacilli of Tuberculosis in Aural Discharge, J. Gottstein, xiii., 225
- Bacillus Tuberculosis in Otorrhœa, xiii., 213, 315
- BACON, GORHAM, Calcium Sulphide in Aural Diseases, xii., 122
- A Case of Chronic Purulent Inflammation of the Middle Ear, Complicated with Facial Paralysis, Nausea, Vomiting, Unsteadiness in the Gait, and Marked Deafness. xiii., 24
- BAKER, A. R., A Case of Objective Noises in Both Ears, xiii., 293
- BARR, THOMAS, "A Manual of Diseases of the Ear," Review of, xiii., 222
- Fracture of a Small Portion of the Tympanic Plate of the Temporal Bone from the Efforts to Remove a Pin Supposed to be in the Ear, xiv., 239
- BERTHOLD, E., Analysis of the Tones included in the Secondary Noise of an Intermittent Tuning-Fork, viii., 250
- Experimental Investigations as to the Influence of the Nerves of the Drum-Cavity upon the Vascularization and Secretion of its Mucous Membrane, x., 184
- Further Investigations on the Physiological Significance of the Trigeminal and Sympathetic Nerve for the Ear, xii., 292
- BEZOLD, FRIEDRICH, Examination of the Auditory Organ of Children, xiv., 158, 242
- "The Corrosion Anatomy of the Ear," Review of, xiii., 79
- Binaural Audition, x., 81
- BLAKE, CLARENCE J., Selection of Test Words according to their Logographic Value, x., 289
- Blunt Force on Ear, xiii., 302
- Bone-Conduction, ix., 272
- Book Notices, ix., 400; x., 72; xi., 57, 60, 61, 63, 66; xii., 96, 99, 323; xiii., 79, 321; xiv., 288
- Boroglyceride, R. C., Brandeis, xiii., 13
- Branchial Fistulæ at the External Ear, viii., 246.
- BRANDEIS, RICHARD C., A Case of Binaural Objective Sounds, with Synchronous Movement of the Membrana Tympani and the Palatal Muscles, xii., 14
- Boroglyceride, xiii., 13
- Otitis Media Catarrhalis, Objective Sounds (Spasmodic Contraction of the Tubal Muscles?); Nervous Origin, Hysteria, xi., 161
- BRANDEIS, RICHARD C., Two Cases of Tinnitus Aurium, Caused by Disturbances in the Current of the Cervical Blood-vessels, xi., 155
- BRESGEN, MAX, "Chronic Nasal and Pharyngeal Catarrh," Review of, xi., 61
- Bright's Disease, Aural Symptoms in, viii., 191
- BROWN, F. T., A Case of Abscess of the Mastoid, with Entire Absence of Tenderness, Heat, or Swelling over the Suppurating Part, with Constant Distant Pain near the Occipital Protuberance, Trephining, Recovery, Occurrence of Erysipelas during Convalescence, xii., 56
- BRUNNER, GUSTAV, A Case of Complete Unilateral Deafness after Mumps, with Critical Remarks, xi., 102
- An Interesting Case of Protracted Deafness Caused by the Report of a Musket, ix., 333
- Minor Otological Contributions, x., 246
- On the Comparative Diagnostic Value of Aërial and Bone-Conduction, and of Quantitative Variations in the Perception of High and Low Tones, xiii., 256
- On the Subjective Noises in the Ear, ix., 56
- The Etiology and Symptomatology of Autophony, xii., 238
- BRUNS, HENRY DICKSON, On the Relation between the Diseases of the Teeth and the Ears, xiv., 21
- BURCKHARDT-MERIAN, ALBERT, Supplement to Prof. Moos' and Dr. Steinbruegge's Case of Hyperostosis and Exostosis, (xi., 9), xii., 106
- BURNETT, S. M., A Case of Primary External Inflammation of the Mastoid, ix., 145
- Absolute Loss of Hearing Power in Both Ears Accompanying an Attack of Mumps, xiv., 19.
- Objective Aural Sounds Produced by Voluntary Contraction of the Tubal Muscles, viii., 357
- *Otomyces Purpureus* (WREDEN) in the Human Ear, x., 318
- Calcium Sulphide, Use in Ear Diseases, Gorham Bacon, xii., 122
- Calomel in the Treatment of Otorrhœa, J. Gottstein, xiii., 281

- CAPRON, F. P., Report of British Medical Association, viii., 360
 Carcinoma of Middle Ear, ix., 285
 — of the Ear, x., 298
 Carotid Artery, Erosion of, xi., 188
 Caseous Accumulations in Middle Ear, x., 306
 CASSELLS, J. P., On the Production of Artificial Deafness, and its Bearing on the Etiology and Evolution of Diseases of the Ear, xii., 147
 Catheter, A New Form of, H. L. Ferguson, xiii., 296
 Cerebral Tumor with Ménière's Symptoms, ix., 4
 Cerebellum, Abscess of, from Chronic Suppurative Otorrhœa, viii., 185
 Cerebro-Spinal Meningitis, Deafness from, xii., 297
 Cerumen, Impacted, xi., 204
 — Mental Depression from Impacted, ix., 19
 — Reflex Symptoms from Impacted, viii., 284, 297
 CHEATHAM, W., Clinical Contributions to Otology, xiv., 11.
 Children, Examination of the Ears of, 1,918, xiv., 158
 Chloroform, Inhalation of, a Cause of Aural Disease, Charles E. Hackley, x., 202
 Cholesteatoma of Temporal Bone, Cerebral Abscess, Autopsy, H. Steinbruegge, ix., 21
 — Of Temporal Bone, x., 279
 Chorda-Tympani, ix., 171; On the Function of the, Oscar Wolf, ix., 293
 Chronic Aural Catarrh, Lawsuit in, xi., 213
 Chronic Catarrh, Cerebral Symptoms in, viii., 304
 Chronic Otorrhœa and Abscess of Brain Existing Independently of One Another, J. Michael, ix., 226
 Clinical Report of, 1,188 Ear Patients, Arthur Hartman, xiii., 121
 — Reports, xiv., 216
 Cocaine in Earache, A. G. Hobbs, xiv., 109
 — In Otology, xiv., 223
 Cochlea, Ibsen's Researches into the, xi., 169
 — Investigations into the, xii., 339
 Coco-Bacteria in Purulent Otorrhœa, Therapeutical Indications for, B. Loewenberg, x., 220, 342.
 COCKS, DAVID C., Pedunculated Bony Growth in External Auditory Canal, the Result of Long-Continued Suppuration, Removal by Snare, Microscopic Examination, xii., 59
 COGGIN DAVID, A New Test for Simulated One-Sided Deafness, viii., 177
 Cold in Acute Inflammation of Ear, viii., 188
 Colored Hearing, xii., 336
 Conduction, Comparative Diagnostic Value of Aërial and Bone-, Gustav Brunner, xiii., 256
 Condylomata of Ear, viii., 297
 — Two Cases of, J. Zucker, xiii., 241
 Consumption, Condition of the Ear and Naso-Pharynx in, Eugene Fraenkel, x., 100
 Convulsions, Mimic Facial, Complicated with Nystagmus and Vertigo, xii., 312
 CORE, A. S., Application of Cotton Pellets in Destruction of the Memb. Tymp., x., 117
 Corti's Organ, on the Cellular Structures of, J. Gottstein, xiii., 229
 — Peculiar perversity of tuning of, xii., 320
 Coryza, Chronic, Due to Foreign Body in Nostrils, xii., 181; xiv., 236
 Cotton Pellets, Artificial Memb. Tymp. of, A. S. Core, x., 117, 303; xi., 109
 Cough, Caused by Hardened Cerumen, viii., 284
 DAYTON, WILLIAM C., Observations on the Use of the Peroxide of Hydrogen in Suppurating Ears, etc., xiv., 6
 Deaf-Mutes and the Dentaphone, ix., 305
 — Dizziness in, xii., 180
 — Examination of Petrous Bones of two, S. Moos and H. Steinbruegge, xiii., 247
 — Hearing and Memb. Tymp., of One Hundred and Forty-Seven, D. B. St. John Roosa, xiii., 65
 — New York Institution for the Improved Instruction of, xii., 87
 — Results of the Examination of, viii., 135
 — Statistics of, ix., 11; xii., 168
 — Total Absence of Both Labyrinths in a, S. Moos and H. Steinbruegge, xi., 236
 Deaf-Mutism, Histological Labyrinthine Changes in a Case of Acquired, S. Moos and H. Steinbruegge, xii., 304
 — in Pomerania and Erfurt, R. F. Wilhelmi, ix., 307. Otherwise mentioned, viii., 192; ix., 185; x., 172

- "DEAF-MUTISM," Review of Book on, by Dr. Hedinger, xii., 96
 Deafness, a New Test for Simulated, One-Sided, viii., 177
 — After Fall against the Forehead, x., 246
 — After Meningitis, xii., 309
 — Binaural, Probably Due to Exudation in Both Labyrinths, x., 335
 — Case of Sudden, Total, and Permanent, xiii., 40
 — Caused by the Report of a Musket, Gustav Brunner, ix., 333
 — Determination of Unilateral, ix., 175
 — Etiology and Results of Examination of Forty Cases of Congenital, S. Moos, xi., 299
 — From Cerebro-Spinal Meningitis, with Simultaneous Affection of the Eyes, H. Knapp, xiii, 297
 — From Hysteria, xi., 279
 — Improved by Electricity and Phosphorus, xii., 231
 — Instrument for Relieving, xiii., 308
 — Moos' Test for Simulated Unilateral, xi., 214
 — Physical Diagnosis of, x., 300
 — Production of Artificial, and its Bearing on the Etiology of Ear Diseases, J. P. Cassells, xii., 147
 Dentaphone, viii., 373; ix., 80
 — Use of, by Deaf-Mutes, Edmund Treibel, ix., 305
 "Diagnosis and Treatment of Ear Diseases," by A. H. Buck, Notice of, x., 73
 DILLS, THOMAS J., a Case of Rupture of Memb. Tymp. from a Box on the Ear, Rapid and Complete Recovery, ix, 154
 Diplacusis Binauralis, J. A. Spalding, ix., 330
 — H. Steinbruegge, xi., 15, 177
 — During the Exhibition of Potassic Iodide, S. Moos, xi., 27
 Diphtheritis, Followed by Acute Otitis Media, viii., 9
 Diving Bell, Bilateral Labyrinthine Disease from Prolonged Stay in a, xiii., 100
 Dysphagia, Reflex, from Hardened Cerumen, viii, 297
 Earache of Children, ix., 191
 Ear Basin, x., 204
 Ear-Cough, viii., 284; xi., 202
 Ear Diseases, Pathogeny of, xi., 263; and Uterine Affections, xi., 270
 — Report of 806 Cases of, in Private Practice, H. Knapp, xi., 199
 Ear, Examination of the, in 1,918 Children, Friedrich Bezold, xiv., 158, 242
 — Influence of Treatment of One, upon the Other, A. Eitelberg, xii., 266
 — of Vertebrates, x., 168
 — Operations on the, viii., 302
 — Round-Celled Sarcoma of the, J. Orne Green, xiii., 153
 Eczema Aurium, xi., 201
 — Nitrate-of-Silver Treatment of, H. Knapp, ix., 346
 EITELBERG, A., Bougieing of the Eustachian Tubes, xiii., 168
 — On the Influence which the Treatment of One Ear Alone Exerts upon the Other, xii., 266
 — The Combined Manometrical Examination as an Aid in the Diagnosis of Ear Diseases, xiv., 31
 — The Influence of Hearing-Exercises on the Sense of Audition of the Practised, and Consecutively on the Other Not-Practised Ear, xii., 279
 — The Temperature of the External Auditory Canal, xiii., 89
 ELY, EDWARD T., an Operation for Prominence of the Auricles, x., 97
 — Note on the Treatment of Acute Suppuration of the Middle Ear, viii., 178
 — Pyæmia Following a Mastoid Abscess Treated without Medicine, Recovery, x., 42
 — Skin-Grafting in Chronic Suppuration of the Middle Ear, ix., 343
 Embryology and Comparative Anatomy of the Organ of Hearing, viii., 104; ix., 91, 176, 378; x., 168; xi., 164
 EMERSON, J. B., the Examination of the Ear by Means of Tuning-Forks, xii., 63
 Engineers, Accidents in Connection with Bad Hearing of, S. Moos, xi., 91
 — Bad Hearing of, xi., 175
 — Impaired Hearing of, xiii., 202
 Engineers and Firemen, Ear Diseases in, which may Endanger the Traveling Public, S. Moos, ix., 319
 — Diseases of the Ear in, D. Schwabach and H. Pollnow, x., 257
 — Remarks on the Hearing of, S. Moos, x., 292
 Epilepsy, Vertigo, and Ear Diseases, ix., 390
 Epistaxis, viii., 307
 — and Plugging of the Nares, Re-

- lation of, to Affections of Hearing, x., 149
- Ethmoid Cells, Ivory Exostosis of, Extirpation, and Death, H. Knapp, xiii., 51
- Eustachian Tubes, Bougieing of the, A. Eitelberg, xiii., 168
- Function and Mechanism of, viii., 207
- Impermeability of, a Symptom of Pharyngeal Neoplasm, viii., 113
- Liquid Medication through, ix., 274
- Medication of, viii., 286
- Physiology of, x., 70, 390
- Exostoses, Aural, viii., 366; xi., 203
- Discussion on, x., 296
- of Meatus, ix., 3; x., 327
- Exostosis, a Peculiar, in the Ear, A. Hedinger, x., 4
- Relieved by Laminaria and Galvano-Cautery, viii., 223
- Removal of an Ivory, from the Meatus, H. Knapp, xiv., 121
- External Ear, Affections of, viii., 290
- Branchial Fistulæ at the, D. Schwabach, viii., 246
- Literature of, viii., 193, 294, 404; ix., 384
- Eyelet in Tympanum, viii., 300
- Facial Paralysis in Acute Inflammation of the Middle Ear, viii., 255
- FALLS, M. S., Whooping-Cough as a Cause of Deafness, xiv., 105
- False Hearing, x., 71
- Fatigue of the Ear, x., 283
- Faucial Aperture, Restoration of, by Operations on Soft Palate, Wm. B. Wood, xiv., 116
- FERGUSON, H. L., an Improved Form of Eustachian Catheter, xiii., 296
- The Use of Bichloride of Mercury in Otorrhœa, xiv., 103
- Fever, Mastoid Periostitis during a Continued, viii., 66
- Fibroid Tumor of Ear, viii., 184
- Flies, Ears of, ix., 92
- Forehead-Mirror Attachment, x., 204
- Foreign Body in Ear, viii., 186; xi., 182
- Dangers of Extracting, x., 174
- Death from Violent Efforts at Extraction, viii., 138, 218
- Reflex Neuroses Caused by, xiii., 208
- Removal of, by Disarticulating the Auricle, x., 273
- FRAENKEL, EUGENE, Anatomical and Clinical Contributions to the Knowledge of the Diseases of the Naso-Pharyngeal Region, and the Ear in Consumption, x., 100
- FRAENKEL, EUGENE, Contributions to the Pathology and Pathological Anatomy of the Organ of Hearing, ix., 203
- FULTON, J. F., A Case of Hysterical Deafness, xiv., 111
- Case of Chronic Purulent Inflammation of the Middle Ear, Giving Rise to Intra-Cranial Disease, Double Optic Neuritis, xiii., 142
- Furuncles, xi., 273
- GERSTER, A. G., Extensive Caseous Osteitis of the Mastoid Process and Petrous Bone, Caused by Chronic Purulent Inflammation of the Middle Ear, Operation, Permanent Fistula of the Mastoid, Recovery, viii., 81
- Glossograph, xi., 296
- GOTTSTEIN, J., Calomel in the Treatment of Otorrhœa, xiii., 281
- On Ménière's Complex of Symptoms, ix., 255
- The Existence of the Tubercle Bacilli in Aural Discharge, and its Significance in Clinical Diagnosis, xiii., 225
- GRAF, F., on Artificial Drum-Membranes, and especially the Cotton Pellet, xi., 109
- Granulations, Nature of, xiv., 228
- GREEN, J. ORNE, Round-Celled Sarcoma of the Ear, xiii., 153
- GREENBERGER, D., the New York Institution for the Improved Instruction of Deaf-Mutes, xii., 86
- GRUENING, EMIL, on the Indications for Opening the Mastoid Process in Cases of Otitis Media Purulenta Acuta, with Implication of the Mastoid Cells, viii., 84
- GUYE, A., on Ménière's Disease, ix., 230
- HACKLEY CHARLES E., The Inhalation of Chloroform, a Cause of Aural Disease, x., 202
- The Use of Toynbee's Artificial Ear-Drum, viii., 228
- Hæmatoma of the Memb. Tymp., viii., 332
- Hallucinations, Aural, in Psychic Derangement, viii., 126
- Influence of Galvanism upon, viii., 199
- Hammer, Extirpation of, with a Polypus on the Handle, S. Moos, ix., 28
- Lacunar Caries of the Handle of the, S. Moos, xiv., 42
- and Anvil, Traumatic Disloca-

- tion of, with Memb. Tymp. Intact, viii., 129
- Hanging, Aural Hemorrhages in, ix., 359; x., 77
- HARTMANN, ARTHUR, A Case of Round-Celled Sarcoma Originating in the Tympanic Cavity, ix., 49
- Brief Remarks on the Affections of the Auditory Organ Occurring in Typhus Fever, ix., 53
- Epistaxis, Plugging of the Nares and their Relation to Affections of the Organ of Hearing, x., 149
- Fourteen Cases of Chiselling of the Mastoid Process Performed in the Policlinic during the Year 1883, xiii., 124
- On Sclerosis of the Mastoid-Process, viii., 322
- On the Formation of Sequestra in the Mastoid Process of the Child, viii., 26
- Report of the Proceedings of the Section of Otology at the Fifty-second Meeting of the German Association of Physicians and Naturalists at Baden-Baden, Sept., 1879, ix., 1
- Statistical Report of the Cases Treated during the Year 1883 in my Policlinic for Diseases of the Ear and Nose, xiii., 121
- "The Diseases of the Ear and their Treatment," Review of, xi., 63; xiii., 321
- Hearing, Education of Impaired, ix., 186
- Embolic Affections of, viii., 206
- Influence of Exercises of, upon the Practised Ear and then upon the Other, A. Eitelberg, xii., 279
- Loss of, from a Kiss on the Ear, ix., 16
- Of Infants, xi., 77
- Physiology of, ix., 367
- Scotoma of, xiii., 307
- Temporary Sudden Restoration of, after Deafness of Twenty-one Years, Basil Norris, xiii., 291
- Tests of, by Tones, x., 286
- HEDINGER A., A Contribution to the Pathology and Pathological Anatomy of the Ear, xiii., 42
- Contributions to the Pathology and Pathological Anatomy of the Ear, xiv., 79
- On a Peculiar Exostosis in the Ear, x., 47
- Hemorrhage from the Ear, Probably Due to a Fracture of the Skull, J. D. Rushmore, x., 315
- Hemorrhage from the Ear, Fatal, xii., 354; xiii., 48
- Hemorrhagic Pachymeningitis, Histological Alterations in the Labyrinth during, S. Moos and H. Steinbruegge, x., 137
- With Pyæmia, Acute Degeneration of Both Auditory Nerves, Thrombosis of Internal Auditory Artery, S. Moos and H. Steinbruegge, xi., 322
- HOBBS, A. G., Cocaine in Earache, xiv., 109
- HOLMES, E. L., A Case of Objective Aural Sounds, viii., 144
- HOTZ, F. C., A Case of Primary Post-Aural Abscess, without Implication of the Middle Ear, ix., 250
- Aural Complaints in Consequence of Malaria, ix., 241
- The Indications for an Early Trepanation of the Mastoid Process in Acute Purulent Otitis Media, with Implication of the Mastoid Cells, ix., 156
- Hydrogen, Peroxide of, in Suppurating Ears, William C. Dayton, xiv., 6
- Hyperostosis and Exostosis, S. Moos and H. Steinbruegge, xi., 9; Burckhardt-Merian, xi., 106
- Hyphomycetes and their Relation to Otomycosis Aspergillina, F. Siebenmann, xii., 185
- Hysterical Deafness, ix., 396; xi., 177; xiv., 111
- Illusions, Acoustic, ix., 292
- "Imperfect Hearing and the Hygiene of the Ear," by Laurence Turnbull, M. D., Notice of, x., 72
- Injury of the Ear from a Stab-Wound, xi., 82
- Medico-Legal Aspect of, xi., 68; xiii., 205
- Ten Cases of, x., 87
- INNER-EAR, Minute Anatomy of, xii., 325
- Insects, Ear of, xi., 255
- Internal Ear, Syphilitic Diseases of the, viii., 336
- International Medical Congress at London, 1881, Report of Otological Section of, H. Knapp, x., 294
- Intra-Cranial Disease, Four Cases of Caused by Chronic Suppuration of

- the Middle Ear, C. J. Kipp, viii., 147
- Intra-Cranial Myxo-Sarcoma, xi., 71
- Intra-Tympanic Injections in Catarrhal Affection of Middle Ear, viii., 361
- Iodoform in Ear Diseases, viii., 202 ; xi., 281
- Ivory Exostosis, ix., 386
- Jakobson, Aural Report, xii., 164
- KIPP, CHARLES J., A Case of Epithelioma of the Middle Ear, x., 206
- Clinical Notes of Cases of Disease of the Nervous Apparatus of the Ear, xiii., 33
- Four Cases of Intracranial Disease Caused by Chronic Suppuration of the Middle Ear, viii., 147
- On the Significance of the Development of Optic Neuritis in Cases of Purulent Inflammation of the Middle Ear, xiv., 1
- Two Cases of Total Loss of Hearing in One Ear from Mumps, xiii., 116
- KITCHEN, J. W., "Student's Manual of Diseases of the Nose and Throat," Review of, xiii., 87
- KNAPP, H., A Case of Bilateral Deafness from Mumps, xi., 385
- A Case of Ivory Exostosis of the Ethmoid Cells, Extirpation from the Orbit, Death, Autopsy, xii., 51
- A Case of Parotidean and Intra Tympanic, Malignant Tumor, viii., 311
- A Case of Transient Poisoning from the Instillation of a Few Drops of Atropine into a Healthy Ear-Canal, xi., 23
- Bilateral Rudimentary Auricle, x., 119
- Condylomata of the External Ear-Canals, viii., 165
- Congenital Fibrous Closed of the Meatus, Opening Frustrated by Auditory Hæmatophilia, xi., 19
- On Heredito-Syphilitic Affections of the Ear, ix., 146
- Perichondritis Auriculæ, ix., 165
- Primary Acute Purulent Inflammation of the Middle Ear, viii., 1
- Report of 806 Cases of Ear Disease Treated in Private Practice in the Years 1880 and 1881, xi., 199
- Report of the Section for Diseases of the Ear at the International Medical Congress held in London, August, 1881, x., 294
- KNAPP, H., Some Observations Concerning the Value of the Audiphone, ix., 82
- The Croton Pellet as an Artificial Drum-Head, x., 60
- The Nitrate-of-Silver Treatment of Eczema of the Ear, ix., 346
- Three Serious Cases of Mastoid Disease, xii., 44
- Total Removal of an Ivory Exostosis which Completely Filled the Ear-Canal, xiv., 121
- Trephining of Mastoid in a Case of Otitis Catarrhalis Chronica, with an Intact Membrana Tympani, Opening of the Lateral Sinus, Recovery by First Intention, x., 365
- Two Cases of Deafness from Cerebro-Spinal Meningitis, the one One-sided, the other Double-sided, with Simultaneous Affection in Both Eyes, Ending in Recovery of One, xiii., 297
- Unsuccessful Attempt at Restoring an Ear-Canal, Closed by Cauterization with Sulphuric Acid, xii., 154
- Labyrinth, Anatomy of, xi., 244
- Concussion of the, after a Blow from a Cane near the Ear, x., 249
- Diseases of the, xi., 191
- Double Disease of, Favorably Affected by Hypodermatic Injections of Pilocarpine, S. Moos, xiii., 282
- Histological Alterations of, in Hemorrhagic Pachymeningitis, ix., 105 ; x., 137
- Invasion of by a Non-Suppurating Inflammation of the Middle Ear, S. Moos and H. Steinbruegge, xiii., 109
- Minute Histological Alterations in the, ix., 2
- of Reptiles, xi., 164
- of Teleostes, xii., 334
- Oscillation of Head in Bilateral Affection of, xii., 309
- Secondary Symptoms in, as Sequels of Chronic Suppuration of the Middle Ear, S. Moos and H. Steinbruegge, xii., 299
- Two Cases of Severe Disease of the, Complicating Scarlatinal Diphtheritis, Oscar Wolf, xiv., 137
- Two Cases of Syphilitic Disease of the, xii., 76
